**Barcelona 20/23.01. "C-Bone"** - The 1<sup>st</sup> World Congress on Controversies in Bone & Joint Disease /C-Bone/ (Over the years the field of Bone and Joint Diseases has witnessed an enormous expansion in clinical and basic data. Conferences are becoming more and more informative and there is often only limited time for thorough discussion. This development has created a great need to debate the many controversial issues and crystallize them into clinical conclusions. The purpose of the Controversies in Bone and Joint Diseases congresses is to disseminate information on controversial issues in our field. The congress will include special interest sections such as: Prevention and treatment of Osteoarthritis ; Monitoring Progression, Remission and Response to treatment; Controlling pains; Role cathepsin K intervention, Role of glucosamine; Single or dual role for calcitonin; Menopausal Osteoporosis; Sex Steroids and Bone Health; antibody interventions in osteoporosis; Glucocorticoids for RA Management, PTH Anabolic or Catabolic; Bone metastasis; Late breaking news and hot topics...).
