

*Declaration of Intention for cooperation
in the domains of Education, Quality of Care and the field of Competence
in Physical and Rehabilitation Medicine*

The Section and Board of Physical and Rehabilitation Medicine of the Union of European Medical Specialists (UEMS PRM Section and Board) and the Serbian Society of Physical Medicine and Rehabilitation, wish to cooperate in the domains of Education, of Quality of Physical and Rehabilitation Medicine programmes and for defining the Field of competence of PRM in order to further develop the Speciality at a European and National Level.

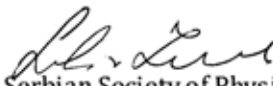

The Serbian Society of Physical Medicine and Rehabilitation is looking forward to work together in preparing E-Books, hosting UEMS Section and Board representatives at their meetings, in having reduced fees for European Board Certified colleagues and in publishing news regarding the UEMS PRM Section and Board in their websites and official journals.

The UEMS PRM Section and Board will do its best to promote the Serbian Society by adding a link to the Serbian Society's website on a devoted page of its website www.euro-prm.org, promote the Serbian National Congresses and international courses on its European Calendar as well as circulating information about these events to all on its mailing lists, publish links to Serbian Society's recommendations and guidelines related to PRM clinical practice and take these into account when assessing PRM programmes for European Accreditation.

*The declaration is signed during the UEMS PRM SS&R meeting in
Belgrade, Serbia, September 2nd, 2011.*
